## PROFESSIONAL SUMMARY

MCA student with hands-on experience in Python programming and frontend development. Skilled in Python, C, C++, SQL, JavaScript, React.js, TypeScript, HTML, and CSS, with practical experience in web application development, reusable components, REST API integration, and problem solving. Seeking Software Developer, Python Developer, or Full Stack Developer internship and fresher opportunities.

## TECHNICAL SKILLS

- **Programming Languages:** Python, C, C++
- **Web Technologies:** HTML, CSS, JavaScript, TypeScript
- **Frontend:** React.js, Vite
- **Database:** SQL, MongoDB
- **APIs:** REST APIs
- **Tools/Environment:** VS Code, Windows, Git, GitHub

## EDUCATION

**Master of Computer Applications (MCA)** 2025 – 2027
MITS Deemed to be University, Andhra Pradesh

**Bachelor of Computer Science** 2021 – 2024
CR Reddy Degree College, Rayachoty, Andhra Pradesh Percentage: 68%

## PROJECTS

**Ummeed – Multilingual AI Assistant for Farmers** 2026

- Developed an AI-powered platform that provides relevant and personalized information to farmers based on their queries.
- Built the backend using Python and FastAPI, with MongoDB for data storage and Qdrant for vector search.
- Integrated LLM/AI capabilities to support multilingual query understanding and response generation.
- **Technologies:** Python, FastAPI, React.js, TypeScript, MongoDB, Qdrant, REST APIs, AI/LLM

**ThrottOne** Jul 2026 – Aug 2026

- Built a query optimization tool using React.js, TypeScript, and Vite to help users refine queries for more accurate and relevant output.
- Integrated REST APIs for retrieving and managing application data.
- **Technologies:** React.js, TypeScript, Vite, JavaScript, HTML, CSS, REST APIs

## CERTIFICATIONS

- Python Course Completion – Tap Academy
- C & C++ Course Completion – YSRIT Computer Education
- Java Basics Course Completion – HackerRank
- Cloud AI in 90 Minutes Productivity Course: Build Your AI Work Assistant – GUVI / HCL, August 2026
- Machine Learning Techniques in MATLAB – MathWorks
- Problem Solving (Intermediate) – HackerRank
- Data Analytics Essentials – Cisco Networking Academy

## ACHIEVEMENTS

- Solved 100+ problems on LeetCode.
- Solved 100+ problems on CodeChef.
- Project selected among the top 5 at Innovation Nexus Hackathon, MITS Deemed to be University.
- Served as Sports Coordinator of the college in 2022.
